

RECYCLING OPTIONS

THE MATERIAL RECOVERY FACILITY

The Material Recovery Facility (MRF), pronounced 'murf', is a key element of the Western Placer Waste Management Authority's (WPWMA) programs to help Placer County meet the state's 50% waste reduction goal. This recycling facility is where all refuse from Western Placer County is sorted to recover recyclable materials, such as steel, aluminum, plastic, glass, cardboard, newspaper, junk mail, office paper, paperboard, magazines, grass trimmings, leaves, brush and wood. Household hazardous waste (HHW), such as oil, batteries and paint, can also be brought to the HHW facility at the MRF on Wednesdays, Saturdays and Sundays from 8am - 4pm. Limit 15 gallons or 125 pounds per visit. This is a FREE service for Placer County residents only.

RECYCLING CENTERS IN WESTERN PLACER COUNTY

The following buy-back recycling centers will accept and redeem all CRV beverage containers, including aluminum cans, ♻ plastic (PETE), and clear and colored glass containers. Some recycling centers will also accept newspapers, cardboard, junk mail, scrap glass, scrap metals and other materials. Please call ahead to check on operational hours and acceptable materials. For the most up-to-date information on recycling centers, please call 1-800-RECYCLE or visit www.bottlesandcans.com.
